

I am Mary Abrey, the Human Resources Manager for Gitga'at First Nation and I am writing this letter to invite all interested Gitga'at Members to a job fair hosted by Gitga'at Development Corporation and Gitga'at First Nation in Prince Rupert and Vancouver. We are hosting this job fair to showcase the growth of the trades, construction, and business sectors on the North Coast of British Columbia. We believe that the fair will be a success and the visitors will be benefitted. Several of Gitga'at Development Corporation's joint venture business partners will be participating in this job fair, and this will be the ideal forum for the exchange of information, resumes and job opportunities. We are also planning for some training information, particularly trade courses for our visitors.
