

BC Hydro is seeking a Diesel Station Attendant contractor

BC Hydro is seeking an individual to operate and maintain the power system that serves Gitga'at Nation in Hartley Bay. Shifts are approximately 4-7 hours per day, for 7-15 days per month. Regular pay is typically between \$1500-\$3000 per month, depending on the number of shifts worked.

This is a great opportunity that offers customized training and mentorship, and experience operating a power system.

Minimum Qualifications:

- Must be able to work alone with minimal supervision.
- Must remain fit for work and be available for 24-hour emergency response when on shift.
- Experience maintaining a safe worksite, including use of protective equipment, organization of tools & equipment and general housekeeping.
- General awareness of safety standards, electrical safety, etc.
- Some knowledge and use of tools associated with trades such as painting and carpentry.
- Excellent oral and written communication skills.
- Basic computer skills, including email and mobile phone use.
- Successful candidate must have a Class 5 Driver's License and satisfactorily complete drug and alcohol screening.

Preference will be given to candidates that have:

- Experience operating and/or maintaining diesel engines, or performing activities required to operate a non-integrated electric power system or electricity generating facilities.
- Experience with emergency response.
- Knowledge of BC Hydro operating practices and procedures, Local Operating Orders and Safety Protection Guarantees.
- Experience storing, shipping and handling dangerous goods.
